MANY LOSE HOMES IN ARKANSAS FIRE

EIGHT BLOCKS IN PINE BLUFF NEGRO SECTION SWEPT BY SWIFT FLAMES

VICTIMS WALK STREETS

Pine Bluff, Ark., Oct 12.—Nearly 500 people are homeless tonight, some sitting woefully on guard over a trunk, a bureau of whatever comprises the little household furniture that was saved from their homes, others are wandering aimlessly around in the devastated district trying to find a place to sleep. Still others have no clothes but those they wear—all are victims of a sweeping conflagration that in two hours this afternoon swept over eight blocks of a colored residential district destroying 54 homes, only two of which were occupied by whites.

district destroying 54 homes, only two of which were occupied by whites.

Only the dying out of a brisk southeast wind and entranchment tactics of fire fighting checked the fire and prevented it from spreading into the Cotton Belt shop district.

So thickly situated were dwellings in the colored section that an accurate check of the number of houses destroyed was not completed until late tonight and estimates of the entire loss based on the destruction of 54 homes were placed at between \$200,000 and \$300,000.

Not a single fatality had been reported up to late tonight and a canvass of hospitals indicated that only a few received slight injuries, most of these suffering burns when they rushed into their homes in efforts to save household effects.

Throughout the district are the charred bodies of pigs, horses, cows, and house pets. One man rushed into a burning bar nand dragged out a pig that weighed about 200 pounds by its hind feet. A crowd soon gathered, summoned by the pig's squeals, and the animal was carried from the burning district with the utmost care.

Blaze Still Proceeding-No Estimate of Loss Is Given Out

Pine Bluff, Ark., Oct. 12.—More than 10 houses, most of them occupied by negroes, were destroyed or still are burning at 3:15 this afternoon in a fire which started at 2:00 p. m. in the negro section of the city. The flames at this hour had spread into the white residence section. Firemen believed they were gradually getting the fire under control.
